

COMMUNICATION ON ENGAGEMENT (COE)

Period covered by this Communication on Engagement

From: 09 January 2021

To: 08 January 2023

Part I. Statement of Continued Support by the Chief Executive or Equivalent

Statement of Continued Support

08 January 2023

To our stakeholders:

I am pleased to confirm that World Organization for Development reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.

In this Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.

Sincerely Yours,

Gubernatorov R.N.

President of the World Organization for Development

Part II. Description of Actions

Examples of actions include:

1. Propose partnership projects on corporate sustainability:

World Organization for Development conducts scientific and practical work in the areas of promoting the sustainable development of the states of the world through the development of territorial entities (districts, provinces, states, lands, etc.) and the creation of Global Governors Platform for the mutual exchange of practical and innovative practices for the development and management of territories, the provision of direct assistance by the Governors' teams of the more developed countries of the world, the less advanced, to achieve all 17 UN Sustainable Development Goals around the world;

2. Engage companies in Global Compact-related issues;

3. Provide commentary to companies on Communications on Progress;

4. Propose partnership projects for sustainable development:

A written statement for the high-level segment of ECOSOC 2021 has been submitted and published. Our written statement at the links below: **1) 2021 ECOSOC High-level Segment:** <https://www.un.org/ecosoc/sites/www.un.org.ecosoc/files/files/en/2021doc/2021-ECOSOC-HLS-Written-Statements-by-NGOS-in-ECOSOC-Consultative-Status.pdf>, or under "Documentation" on the **2021 ECOSOC High-level Segment website** at: <https://www.un.org/ecosoc/en/events/2021/ecosoc-high-level-segment-including-three-day-ministerial-segment-hlpf-convened-under> **2) 2021 High-level Political Forum:** <https://www.un.org/ecosoc/sites/www.un.org.ecosoc/files/files/en/2021doc/2021-ECOSOC-HLS-Written-Statements-by-NGOS-in-ECOSOC-Consultative-Status.pdf>

6. Attract new participants to the UN Global Compact through their outreach efforts and awareness raising:

Global Governors Media Space (GGMS) is a high-tech and innovative development. GGMS assists the Governors and their teams in the sustainable development and management of the Territorial Entities of different world countries.

The Global Governors Media Space is part of the Global Initiative for Sustainable Development of Territorial Entities #SDGAction33410. Within these media, intellectual and event spaces are formed for Governors and the Heads of Territorial Entities in different world countries.

Within the Global Governors Media Space framework, more than 52 media channels are being created in English, Chinese, Russian, and other world languages.

Global Governors Media Editions:

Governors News - vertically integrated international news network media of the first level in different languages, accumulating the latest news from the Governors and their teams on development and achievements, directly from the sources.

Governors Newsweek - vertically integrated international weekly print and digital publications of the second level in different languages.

Governors of the World - vertically integrated international analytical monthly printed and digital publications of the third level in different languages, on the activities of the Governors and Heads of Territorial Entities - top-level units, governors' teams, and achievements in the areas of sustainable development of Territorial Entities around the world.

World Economic Journal - horizontally integrated international analytical monthly print and digital publications of the first level in different languages, on the interaction of the Governors with international and national business leaders and corporations in the interests of the development of the Territories.

As well as Governor's Channel, World Economic Channel;

7. Have a dedicated sustainability plan or a global plan that incorporates the ecological, economic, political, and cultural dimensions of the region's sustainability:

World Organization for Development is taking action to promote the development agenda of ECOSOC and the United Nations as a whole. The organization has developed and implemented the Global Initiative for Sustainable Development of Territorial Entities and the "Angel for Sustainable Development" Global Awards. The Global Initiative for Sustainable Development of Territorial Entities stimulates the sustainable development of the Territorial entities in the innovative, technological, economic, social, and other fields creating the Global Governors Platform for the exchange of innovative practices for the development and management of Territorial entities, mutual growth, and achievement of the Sustainable Development Goals. The United Nations has already twice recognized the Global Initiatives developed by World Organization for Development as **SDG Good Practices** to achieve the United Nations SDGs in 2015 and 2021:

Global Initiative for Sustainable Development of Territorial Entities **#SDGAction33410**:

Part III. Measurement of Outcomes

Examples of measurement of outcomes include:

1. Partnerships formalized with mutual aims to advance the UN Global Compact principles: 37 partnerships;
2. Expertise provided by your organization to further the aims of Global Compact Local Network in your country:

A lot of publications were made in the social networks of the organization and the Governors News, Governors Newsweek, which promoted the UN Global Compact and did analytical materials on this topic;

3. The Partnership is planned, formalized with the mutual goal of promoting the principles of the UN Global Compact, in the implementation of the Global Initiative for Sustainable Development of Territorial Entities #SDGAction33410:

In the period from 2009 to 2023, the World Organization for Development has developed and is gradually implementing the Global Initiative for Sustainable Development of Territorial Entities #SDGAction33410 and tools for the implementation of the Global Governors Initiative.

To implement the supranational innovative technological process, the Global Initiative for Sustainable Development of Territorial Entities #SDGAction33410 established the Initiative Tools:

Global Governors Summit;

World Forum of Territorial Entities;

Global Award for Sustainable Development;

Artificial Intelligence for Territorial Entities;

World Center for the Development of Territorial Entities / WC-TED;

Initiative for the Establishment of the United Nations Territorial Development Program;

Global Governors Club;

Global Business Club;

The Governors News, Governors Newsweek and World Economic Journal.

One of the goals of the Global Initiative for Sustainable Development of Territorial Entities #SDGAction33410 is to reward international corporations with the Global Award for Sustainable Development, for their contribution to the development of Territorial Entities.

The Global Initiative for Sustainable Development of Territorial Entities #SDGAction33410 creates a Global Governors Dialogue Platform for the exchange of best world practices and innovative practices in various areas of territorial development, creating a new impetus in the

development of Territorial Entities. The mission of the Global Initiative for Sustainable Development of Territorial Entities #SDGAction33410 is the implementation of a supranational innovative technological process created for the sustainable development of Territorial Entities in different countries of the world. The Global Initiative provides an opportunity to unite more than three thousand Governors and their colossal experience to share best innovative practices in the development and management of the Territorial Entities, to achieve the UN Sustainable Development Goals. The Global Initiative has 17 Goals and corresponds to 12 of the 17 Sustainable Development Goals of the United Nations. The development of the Global Initiative was based on the principles of independence, systematic, multi-year innovation and scientific and practical work.

With great respect to You,

President of the World Organization for Development

Gubernatorov R.N.
